

Valley Health and Fitness – Let Your Membership Work For You!

You deserve some credit! Literally. That is why Valley Health and Fitness is proud to bring you two new programs to give you the chance to extend your membership the easy way.... free.

Membership Referral Program

People who have been going to the gym for a while often know someone else who is interested in joining a gym. What's stopping them? Are they confused as to when they should join, for how long, or where they should go? Have been working out for a while and wish your friend or friends would join too so that they could be there to enjoy the changes and the progress that you have made? There has never been a better time to encourage your friends to join. Valley Health and Fitness is about our members and to show our appreciation, for every new member that signs up on a 12-month membership who has been referred to us by you, we will make your next monthly payment!! (*If you have a term membership, we will add one more month onto the end of your contract*). You don't even have to show up! **Your friend or acquaintance needs to give us your name during the sign up process** (not one or two days later) and you just earned yourself one free month! It's that simple.

- Sorry no retroactive referrals -

Honorary Membership Program

Valley Health and Fitness is proud to introduce the “**Honorary Membership Program**”. Now you can tell your friend not to worry about losing a few months worth of his/her membership, at another club, because Valley Health and Fitness will honor his/her “other” membership up to a maximum of 3 months. For example, *you have a friend who has 2 months left on his/her contract at another club. This friend can come in and sign up for a 12-month membership at Valley Health and Fitness at our normal rate and we will let them amortize the total year price over 14 months.* For you, you now have a friend to work out with; for him/her, he/she now has a substantially lower monthly payment; and for us, we now have another member. It works great for everyone! The last big surprise; this also qualifies you under our referral program, which means you will also get **your next monthly payment for free!**

*Memberships can be paid up front or financed. Financed memberships will be financed over the full term, at the resulting lower monthly rate. Valley Health and Fitness can only carry a maximum of three months of another contract.
